

<http://bhkofamerica.com/>

BHK of America, a pioneer in bringing glueless flooring products to the U.S., manufactures quality, innovative flooring products with its complete line of moderna glueless flooring systems.

BHK's moderna product line features beautiful American woodgrains, patterns and wood species to suit every design style and taste. The moderna flooring line offers something for everyone. Choose from our laminate, solid wood, engineered wood and cork flooring products.

All BHK products feature the patented Uniclic glueless technology which boasts a 50% faster installation over traditional glued systems. Durability and good looks are combined with fast, easy installation and easy to clean maintenance.
