Pergo® is the world's most recognized and trusted flooring brand. We invented the category over 30 years ago and continue to innovate with around 500 patents and pending patent applications throughout the world.

With operations and sales in North America, Europe and Asia, Pergo is dedicated to creating high quality laminate flooring with fashion forward designs and leading technologies. In addition to its successful laminate products, Pergo introduced a premium hardwood product into the US market beginning in 2004.

Throughout North America, consumers can find Pergo products at leading home improvement stores and more than 5,000 independent specialty retailers. In Europe, the products are sold to a variety of residential and commercial consumers via flooring and paint stores, wholesalers and various home improvement chains.
