

## Our Company Profile

Written by Samuel Leichter

---

Welcome to our Company Website! Leichter's Floor Covering has been operating as an S Corporation for the last eleven years. Before we became incorporated the company operated as Leichter's Flooring for twelve years. The main focus of both of these Flooring Companies was serving Commercial Customers. We professionally install and Refinish Wood Floors, Linoleum and Sheet Vinyl with Selfcove, Tile, Carpet, Cork, Concrete Finishes, Sports Flooring, Laminate, and many other types of Flooring.

Leichter's Floor Covering uses experienced non-union flooring installers for all of our projects. Our installers can professionally install any type of flooring material that a project may require. We have both the ability and the experience to move furniture to allow for the installation of new flooring. It is not always practical and cost effective to shut down a business in order to allow for the installation of new flooring. For this reason, Leichter's Floor Covering can work at nights and/or on the weekends to complete a project with little or no impact on the businesses normal operations.

Before Leichter's Flooring was started, my dad Steven Leichter was the Owner/Operator of the Carpet Center in Berkeley. My father purchased the business in 1985. The Carpet Center was in a number of different locations since it's opening in 1949. The Carpet Center sold and installed all types of flooring for both residential and commercial customers.

Leichter's Floor Covering has always been focused on providing top quality materials and professional installations at an affordable price. We provide knowledgeable and trustworthy service for all our customers. It is very important to us that our customers understand what's going to happen during their project and we have no problem taking the time to explain it to them. My name is Samuel Leichter and I am proud to say that I am the next generation Owner/Operator of Leichter's Floor Covering.

It is my intention to continue Leichter's Floor Covering's dedication to being an environmentally conscious floor covering company. I promise that I will work hard to satisfy all of your floor covering needs, no matter how big or small they are. Thank you for visiting our website and we look forward to developing a mutually beneficial relationship with you.
